ANOTHER FATALITY TO AN AIRSHIP

Great Dirigible Bursts and Burns—Four Men Fell to Earth

Intelligencer Special
 ATLANTIC CITY, N. J., July 2.—Melvin Vaniman, who designed this dirigible balloon "Akron" with the intention of making a trip across the Atlantic, Calvin Vaniman, his brother, and Fred Ames, Walter Gurd and George Brilliant, his crew, were yesterday killed this morning when the dirigible exploded while a thousand feet in the air and a quarter of a mile south of Briarcliffe Beach, across the inlet from this city. The dirigible, containing thousands of pounds of gas, was rent by the explosion which is believed to have been caused by expansion from the sun's rays, and burst near the middle. A mass of flames immediately left the ship from floor about a minute, when she fell like a plummet. As it started to descend an object believed to be the body of a man shot out from the wreckage and hit the water before the rest of the dirigible fell. It is believed to have been the headless body of Calvin Vaniman which has been recovered. The other members of the crew are entangled in wreckage in depths too deep to be reached at present. The accident occurred about 6.30 after the dirigible had been in the air twenty minutes. It was witnessed by thousands of spectators who were startled to utter a shout.

MURDERER OF THREE IS DEAD AT LAST

FISHLIKIN-HUDSON, N. Y.
 June 25—Quinlan Apple, who had been an inmate of the Mattawan hospital for the insane for the last thirty-three years, died yesterday, at the age of 80 years. He was sent to the asylum from New York after he had committed a murder.

Apple was Chinese. As a gold miner in the days of '49 he killed his partner. Later, as a milk merchant in New York City, he married a white woman, whom he married after she was born. He was sentenced to be hanged. On an appeal for pardon, claiming the crime was committed in self-defense, the sentence was commuted to life imprisonment.

Five years later he was pardoned. In 1875 he killed a priest fighting, claiming self-defense again and got off with a seven years' sentence. At last a maniac Chinese, he was committed to Mattawan. His men grew up a criminal, served several terms in prison and died in an insane asylum.

GIVEN SIX-YEAR TERM

NEW YORK, June 25.—I think it was almost the first to lose a six-year term. President Lincoln, who had been made to equal good would be to make it one term of five years, the President then to become an inmate of the United States Senate for five years. This would give him a dignified occupation with a Senator's pay. A suitable residence in Washington should also be provided for him to spend his last days in.

It would spare the nation a repetition of the humiliation recently experienced of a President and an ex-President attempting the country for reelection, criminalizing and humiliating each other in order to influence voters. God forbid such a disgrace should again befall our nation.—Henry Clegg, New York.

One occasionally a man has nothing to say, unless he knows it about it.

BELLEVILLE CROWD SAFE AT REGINA

Among other Belleville men who are located at Regina, which place was visited by a disastrous and deadly earthquake on Sunday was Mr. Wm. Allen, son of Capt. N. Allen, of this city. This morning the following telegram was received from him:

WHAT A TRAVELLER THINKS OF OUR STREETS

Dear Sir:—Will you kindly allow me a small space in your columns to suggest a better method of advertising your city than the one now in use.

I happen to be looking to the travelling fraternity and am obliged to be sure that the streets of the city are in the best of condition. To give the travelling fraternity a better idea of the city, I have decided to publish a list of the streets of the city, and to have it printed in a book, which will be sold at a price of \$1.00 per copy. This book will be a valuable addition to the travelling fraternity's collection, and will be a great help to the travelling fraternity in their travels.

Thank you for the space.

Canada is 45 Years Old

Canada's Wheat Land

Do you know how rich Canada is in wheat? Do you know that Canada raises more wheat in the western provinces than all the grain in all New York land, Nov. 1915, to a English bushels?

Canada's Western area (estimated) grows at \$20,000,000 bushels, and the Canadian wheat crop is estimated, could supply about 100 million bushels of wheat to the world's poorest wheat consuming country.

It should not be forgotten that wheat is the basis of all civilized nations. The world's wheat resources in 1915, 25 million; to 1916, 35 million.

According to Prof. Thomas Ross, of the University of California, "The United States, the producer of wheat in North America is now in the midst of further north with the wheat crop of the New World."

Canada's wheat crop, 1915, 47,000,000 bushels; 1916, 50,000,000 bushels. To the same period, United States wheat production was 47,000,000 bushels. In 1916, Canada's wheat production was 50,000,000 bushels. Canada's wheat crop, 1915, 47,000,000 bushels; 1916, 50,000,000 bushels. TARIFF IS TO BLAME

Wilson Says High Cost of Living is the Great Issue.

Democratic Standard-Bearer Views Opinion on the Political Means of the U. S. President Propose to Change the Tariff.

Washington, July 8.—The Democratic Standard-Bearer, Woodrow Wilson, has expressed his opinion today that the tariff is the cause of the high cost of living.

"This is no issue," he said, "that he expects to cover by his speech of acceptance and in every campaign speech that he may make."

"Unhappily the tariff is at the heart of it," he said, referring to the high cost of living. "The thing is so interwoven with public opinion that it is impossible to get away from it."

"The tariff is the great issue of the time," he said, "and it is the duty of the government to take it out of the country. The tariff is the great issue of the time."

GOOD FARMERS LEAVE FOR WEST

Although the "Red" newspapers in the West and the "Black" in the East are full of the farmers in the Western provinces, thousands are pouring into that part of the country from the Dominion and the United States as well.

Over the last number of people it was necessary to send out a train full of men, including some special constables, to see that the special constables, a special Winnipeg express and two regular transcontinental trains.

It is estimated that over 2000 Ontarian farmers and their families left yesterday to seek new homes in the West. A special excursion was run by the Canadian Pacific during the afternoon and one late last night, while the Grand Trunk ran a special earlier in the evening.

The coal train contained 25 "tonnage" cars and had baggage cars. It was stated that about 10,000 people would travel over the line. The railway officials were greatly pleased with the homecoming, and stated that they were of an exceptionally desirable class. "They are the best kind of men," said one of the officials, "and all are provided with money."

During the enormous Western traffic the Winnipeg express was late in leaving the station. It was a few minutes before the train was due to pull out it was found that it would be late in leaving the station. TELEPHONE GIRL ACTS QUICKLY

BUFAU, July 9.—Quick work by a Buffalo telephone girl late last night got a woman to her home, and out of an alleged burglar, made an arrest and may have prevented a murder.

Miss Lillian Handcock, a night operator, had started to answer a call from a four party line. "Hello," said a woman at the other end of the receiver. She was being dropped from the telephone for an intruder in her home, and was being taken. Her husband rushed to her aid, as the police forced later, and was slushed in the face and neck by the blade of a knife.

The light was still flashing, and the telephone girl could hear another that sounded like "Murder, my husband help, help." When her room-mate Miss Handcock quickly framed that the open telephone was near her husband, she rushed to the telephone, and in less than three minutes the police automobile patrol was on the scene. The prisoner, it developed, is a brother to the man stabbed by a woman, Mattie Ruth, 25 years old. Mr. and Mrs. Henry J. Ruth were caught by a surgeon.

CITY STREETS VS. COUNTY ROADS

Dear Sir:—As one who knows from daily travel over both city and county roads, I emphatically declare the county roads leading into the city to be in a much worse state than our city roads, and when we come to compare the two main county roads leading into the city, the main city roads and the county roads, the county roads are in a much worse state than our city roads.

AN IMPORTANT ISSUE SETTLED

The Church Must Obey the State Laws.—The House of Lords Settles the Question

LONDON, July 7.—A highly important, hitherto just to be brought to a close by the judgment of the House of Lords. This case, known as the *Banister* case, raised an issue of great importance to the Church of England in its relation to the State.

The case began in 1897. The facts are briefly these:—Mr. Banister is a member of the Church of England. At the beginning of 1897 he was a widower living in the parish of St. John, in Norfolk, of which Canon Thompson is vicar. In 1898 the Colonial Marriages Act had been passed, compelling marriage with a deceased wife's sister when both parties were domiciled in that colony.

Mr. Banister, in the belief that it would regular his marriage, although he was domiciled in England, went to Canada in 1897 and married his sister-in-law, Mrs. Mary J. Banister. The marriage was legal in England, and Mr. Banister's marriage with his sister-in-law became, without question, legal in the eyes of the law when he returned to England. In 1898, marriage with a deceased wife's sister was legalized in England, and Mr. Banister's marriage with his sister-in-law became, without question, legal in the eyes of the law when he returned to England.

The litigation began shortly after Mr. Banister's return, when the vicar of the parish of St. John, in Norfolk, refused to perform the marriage. Liquor Drinkers Are Sure Losers

ONE active enemy can do more harm than an army of silent friends. Liquor was never any man's friend. It tears down—never builds up. The drunkard and the degenerate are living examples of what happens to the man who drinks it.

Are you a self-styled "moderate drinker"? Look around you and count up the hundreds of business and personal failures among modernity. You have known many failures in drinking moderately!

Think of the thousands and hundreds of thousands you didn't know who have gone the same way!

YOUR brain is as stronger than your body and FAULTIER than your limbs will OR, unless you STOP DRINK. No brain is strong enough to withstand alcohol. It is rank poison.

All Liquor-Craving Eradicated in Three Days

Come to the Gatin Institute and remain THREE DAYS! Under highly restricted treatment it is guaranteed that all craving and desire for liquor will be eradicated in the time period that you will go forth at the end of the third day with more appetite for drink than you had the day you first took it.

The Gatin treatment has renewed thousands of men who have drunk and lost in mind and body and in finances. There is no reason in believing that it will do less for you.

No Hypocritical Injections

THE THREE DAYS spent in the Gatin Institute will be passed in refined and homelike surroundings. It is not at all like a hospital—no pain or suffering—no poisonous drugs—no substitutive substitutes—no hypocritical injections—no more of this "a child could safely take the Gatin treatment."

Home treatment under contract for those who cannot come to the institute for three days.

THE PEOPLE'S PULPIT.

ONENESS OF THE CHURCH OF CHRIST

Sectional Divisions: Arose From Neglect and Consequent Loss of Faith.

By CHARLES T. RUSSELL.
Main Sunday School Teacher.

(Washington, D.C., July 14.—) Bible study is coming quite as fast here for us today as by the interest in the thousandth anniversary of the Reformation. The Convention, following the lines of the Reformation, has manifested itself. All day, and every day, we are to be reminded of the Reformation and the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

The people are from the middle class of life—poor rather than rich. They have no sectarian bias of special doctrine, but seem to be drawn with a more and more quiet spirit. The entire work is in the light, which is the light of the Reformation. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

A peculiarity of these Bible studies is that during the entire course of the meetings, in which more than 100 people have been participating, no appeal has been made for money. It has been the policy of the Convention to keep the meetings free of all financial considerations. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. weakness of the flesh, against which we must wage battle. All these will be the result of the Reformation. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

There is not the promise: "We shall have it." We shall have it. We shall have it. We shall have it. We shall have it. We shall have it. We shall have it. We shall have it. We shall have it. We shall have it.

There is no difference between the Convention and the great one presented in our text is that we shall go on in the Reformation. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.

We shall go on in the Reformation. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church. The Reformation of the Church is the Reformation of the Church.
